

Fellow Members,

General Plan

During the September meeting, we will discuss one aspect of the City of Richmond's general plan: re-zoning the Northshore. The Northshore area is located south of Point Pinole Regional Park and between San Pablo Bay and the Richmond Parkway. This area was originally designated for industrial use. However, the General Plan draft proposes that this area is re-zoned as natural open space that would be available for recreation.

A general plan is supposed to be a look into Richmond's future. What do we want for our City? To help us ponder that question, we will have speakers on both sides of this issue.

The City of Richmond General plan is available for your review at:

Membership

The PRNC has 443 members yet only 24% have up to date dues. We send 236 paper newsletters each month to our membership. Only 19% of the members receiving paper newsletters are up to date on dues. This month, I want to encourage members behind on dues to consider a couple options 1) submit your dues or 2) ask for a waiver of the dues if you are experiencing financial hardship. The money we collect helps defray administrative costs and supports community activities such as the Point Richmond Music Concert Series.

Paper newsletters are a great thing but if we are sending them to households that no longer need them it is a waste of resources and money. Therefore, starting in October the PRNC will not send newsletters to households that have not paid dues in over three years.

We would also like to make an appeal to new and current members who receive the paper newsletter to consider switching to the email version. You will receive it earlier than the paper version, and will save our resources to be used on other important issues. Please note that the newsletter is made available on the PRNC website and is posted on the Sante Fe Market storefront.

Post Office

The US Postal Service has again proposed closing 3,700 postal facilities throughout the country. The Point Richmond Postal Office is not on the list. The next time you mail a letter please consider the Point Richmond postal office as your preferred office. Another item for action is to send a letter to our local congressman George Miller (3220 Blume Drive, Suite 281, Richmond CA 94806) as a friendly reminder of how much the community appreciates the local post office.

I hope to see you at the September Meeting.

Megan Bleckinger, *1st Vice President*

A bank-owned apartment building at 153-157 Santa Fe has been a nuisance for several years with unauthorized inhabitants, drug activity, etc. One tenant is legal.  - Women's Westside Improvement Club (Margaret Morkowski) First meeting of year Tuesday, September 13 at the Methodist Church.

 - Arts of Point Richmond (Altha Humphrey) For local artists and all interested. Meeting 9/20 from 7-9P at Community Center. Featured artist will show and discuss art. Refreshments.
 - Red Oak Victory Ship (George Coles) Fundraising going well. Plan to be in and out of drydock and ready to go in time for Homefront Festival and October Pancake Breakfast.
 - PRNC Safety Committee (Tom Brichta 510-620-6538) National Night Out was a big success with 21 parties throughout city. Because metals (gold) have increased in value there is an increase in incidents of snatching gold necklaces. Need to be watchful.

- Friends of Richmond Tennis Committee (Gary Hurlbut, glh@tia.org) USTA Nor Cal Advocacy will donate up to 20% to refurbish tennis courts in Richmond. Courts by Plunge are not in good shape but are useable. Community Garden: Maureen will bring diagram of space to next meeting.
 - Formula Restaurant Ordinance Committee (Marsha Tomassi 510-215-6133) After standardized review of many similar ordinances, draft is ready. Has been submitted to Jeff Ritterman and Jeff Lee. Will be submitted to PRNC Board and Land Use Committee. After City Attorney review will be discussed at community meetings.
 - Point Richmond History Association (Pat Pearson) Still working on plaques
7. **Introduction to the Point Pharmacy** (Vern Verling, PharmD. Opened July 26 as a full service pharmacy with prescription services, holistic products (homeopathic, herbal, etc.), diabetic and medical equipment center, and state-of-the-art computer technology to help prevent medication errors. Currently working on an immunization program. Point Pharmacy: 139 W. Richmond Ave., Hours: 9-6:30, Phone: 510-232-7879
8. **Update on Veolia and the Waste Treatment Plant** (Maureen Decombe)
Continuing odor problems (50 in this calendar year). Complaints and monitor readings do correlate. Air Board has put 22 new conditions on permitting (including monitoring digester gasses). In addition to increasing likelihood that the system will run better, this development will give the city more power to enforce compliance.
- Digesters will be turned on soon which will provide opportunity to identify sources of problem and allow the plant to operate until other options for waste management are identified. E-mail Maureen@greenwillowgardens.com for copies of the permits and new conditions. For more information from Veolia contact Aaron Winer at aaron.winer@veoliawaterna.com or go to the website: www.veoliawaterna.com.
9. **Proposal to privately manage the Point Richmond Community Center**--Marjorie Moore, Ki Society, introduced for discussion proposal that a new management model is needed for program planning at the Center. Ki Society wants to offer programs, donating their efforts initially until the program makes a profit. The building would remain city property, but city employees would likely be replaced. Discussion: PRNC members expressed some concerns about the current issues with the Community Center—high rental costs, minimal programming, poor maintenance, and difficulty getting the key. While interested in better programming, members expressed concern about the Ki proposal including lack of a plan or business proposal and possibility that city employees would lose their jobs.
- Connie Portero, Chair of Parks and Recreation Commission, requested that concerns and ideas be brought to the Commission. Groups that want to start classes can negotiate a Memorandum of Understanding (MOU) with the city. To defray costs of using center, community groups can also negotiate a MOU with the city. All requests to use the facility must be made through our Recreation Department, 620-6793. Margaret Morkowski (510-234-4219) has an MOU that covers some Point Richmond community organizations. Sharilyn Babb, Center Manager, would like to know what activities community would like to see at the Center and is trying to recruit people to teach classes. No action was taken on Ki proposal.
10. **Report from the Land Use/Design Review Committee** (Rod Satre)
Moved, seconded, passed to accept recommendation of the Design Review Board to approve without conditions 221 East Scenic Rehabilitation, Tom Butt, owner. Add a door to the south (rear) elevation and add two skylights

Re: Street closing at Martina, applicant didn't show. Committee voted NOT to recommend the proposal as it includes closing off a public walkway that can't be privatized. Committee needs drawings and proposals two weeks before meeting. Look on city website for Planning Department requirements (same for Design Review). Streetscapes/photos are helpful.

Public Forum

- Linda Newton: Large item trash drop-off was poorly attended. Linda has concerns about pigeons being fed in downtown area and requests that this be stopped.
