

# Share your love of San Francisco Bay nature...

## *as a Bay Trail docent!*

Volunteer as a **Birding the Bay Trail** docent with Golden Gate Audubon Society, and introduce passersby to the wonders of bird life along the Richmond shoreline.

As part of a two-person team, help people spot birds through binoculars or a spotting scope. You do NOT need to be an expert birder, just an enthusiastic nature lover who can identify one or two common Bay birds.

Commitment: Two hours, once or twice a month, from October through March.

Our annual docent training will take place on Thursday, Sept. 28,  
from 6 to 8 p.m. in Berkeley.

Please RSVP by Sept. 15. For more info or to RSVP, contact Noreen at  
[nweeden@goldengateaudubon.org](mailto:nweeden@goldengateaudubon.org) or (510) 301-0570.
