What is a Technical Assistance Panel?

Organized by Urban Land Institute, Technical Assistance Panels provide expert, multidisciplinary advice to local governments, public agencies and nonprofit organizations facing complex land use and real estate issues in the greater Bay Area. Drawing from its seasoned professional membership base, ULI San Francisco offers objective and responsible guidance on a variety of land use and real estate issues ranging from site-specific projects to public policy questions.

What are the Key Questions Posed to the Panel?

Questions posted to panelists include recommendation ideas around land use; maximizing the mixed-use concept that optimizes economic development, natural beauty and historic character; identifying finance mechanisms; and identifying funding mechanisms for the development and operation of public parks.
